Secretary Report & Mail In/Out

Everything that has come in Jennifer has forwarded to all members throughout the month. Jennifer update as follows as unable to attend meeting:-

Thriving Places

I have asked Mhairi for an update on GMB and thriving places meeting and had no response.

Hustings

I have emailed all parties regarding hustings and had no response. Keith is working on the technical side of it but none of the parties have come back to me as of yet.

Roads & Pavements

I have been liaising with roads department and trying to assess who is the right people to have round the table. Which I am still waiting on 1 more response to all the examples that Andy and Marion gave me, then I will be organising the meeting. I just need to confirm who deals with one more item then will be good to go.

The biggest thing that came out of it is any faults ie flooded dropped kerbs, pot holes etc should be reported through the GCC App.

If someone could gather all these for me then I have to report them all and they will be fixed. Not sure if people want to take certain streets or if Andy and Marion want to do walk about and if they collate all the faults I will get them reported.

They are advising the best way to get these fixed is to report through the gcc app but as this is a big task initially I have agreed to collate it and give to the manager to process.

Katie will be doing weekly walk abouts and happy to engage with cc members with any issues they may have.
